

COVID-19 UPDATE

March 5, 2021

Dear Employees of The Mather,

We wanted to inform you that we learned today, March 5, 2021, that **an employee who works in The Mather Life Centre tested positive for COVID-19**. This employee has not worked at The Mather for more than six days; therefore, this is not considered a community-associated case and we can continue moving forward with our gradual re-opening. We wish the individual a speedy recovery.

GOOD WEATHER, GOOD PRACTICES:

The weather is beautiful for early March, ice and snow is (mostly) melted, and we hope people are able to enjoy some fresh air and sunshine. As you do, please keep in mind that—whether or not you are fully vaccinated—infection-control measures are necessary.

Please continue to take the infection control measures below to protect everyone in our community. These guidelines are working well!

- **Practice physical distancing** (no closer than 6 feet away for no more than 15 minutes).
- Regularly **use good hand hygiene** by washing your hands frequently for 20 or more seconds.
- **Wear a mask** that covers your mouth and nose when you are outside your home.

Thank you for remaining vigilant. We truly appreciate everyone's continued efforts to keep COVID-19 out of our community.

Take care and stay well.

Sincerely,

Deann Daniel
Executive Director
