

# COVID-19 UPDATE

April 15, 2021

Dear Employees of The Mather,

We wanted to inform you that we learned yesterday, April 14, 2021, that **an employee who works in The Mather Life Centre tested positive for COVID-19**. We wish this individual a speedy recovery. We are interviewing them to determine if they were in close contact with residents and/or employees (meaning within 6 feet of anyone for more than 15 minutes). Individuals who have been in close contact will be notified.

## **VACCINATION IS KEY:**

Mather strongly encourages employees and residents to be vaccinated as it is an important part in stopping the spread of COVID-19. We also strongly encourage your family members to be vaccinated when the vaccine becomes available to them.

**If you have not been vaccinated yet and would like to be, please contact Human Resources and they will help you secure a vaccine.**

## **KEEP UP THE GOOD WORK:**

Regardless of your vaccination status, it's important to continue to practice strong infection control measures:

- **Practice physical distancing** (no closer than 6 feet away for no more than 15 minutes).
- Regularly **use good hand hygiene** by washing your hands frequently for 20 or more seconds.
- **Wear a mask** that covers your mouth and nose when you are outside your home.

Thank you for remaining vigilant. We truly appreciate everyone's continued efforts to keep COVID-19 out of our community.

Take care and stay well.

Sincerely,

Deann Daniel  
Executive Director
