

COVID-19 UPDATE

October 6, 2021

Dear Employees of The Mather,

We wanted to inform you that we learned today that **a resident in Independent Living tested positive for COVID-19**. We wish this individual a speedy recovery.

The Mather is interviewing this individual to determine if he/she was in close contact with residents and/or employees (meaning within 6 feet of anyone for more than 15 minutes). Individuals who have been in close contact will be notified.

UPDATE ON OCTOBER 19 BOOSTER CLINIC:

Walgreens will be providing Pfizer COVID-19 vaccine booster shots to all interested and eligible residents and employees at an on-site clinic at The Mather on **Tuesday, October 19**.

More information about how to register for the booster clinic will be forthcoming. Note that we anticipate that a COVID-19 booster will be required for all Mather employees once all boosters are approved.

The boosters are for individuals who got the Pfizer vaccine. Please bring your vaccination card to your appointment at the clinic.

Keep in mind that you can still become infected with and transmit COVID-19 even if you're vaccinated, so please continue to take steps to protect yourself and all who work and live at The Mather.

Sincerely,

Deann Daniel
Executive Director
