

COVID-19 UPDATE

October 5, 2021

Dear Residents of The Mather,

We wanted to inform you that we learned today that **an employee in Independent Living tested positive for COVID-19**. We wish this individual a speedy recovery.

The Mather is interviewing this individual to determine if he/she was in close contact with residents and/or employees (meaning within 6 feet of anyone for more than 15 minutes). Individuals who have been in close contact will be notified.

BOOSTER CLINIC FOR ALL RESIDENTS & EMPLOYEES:

Great news! **The Mather has finalized a clinic date with Walgreens to provide Pfizer COVID-19 vaccine booster shots to all residents and employees.** The clinic will be on-site at The Mather on **Tuesday, October 19.**

For Independent Living Residents, please register for the clinic at the Concierge desk no later than Monday, October 11. After you register, you will receive an appointment time along with a consent form, which you must complete ahead of time.

Boosters are for individuals who got the Pfizer vaccine. Please bring your vaccination card to your appointment at the clinic.

LIFE CENTRE UPDATE:

Life Centre residents and employees have been tested for COVID-19, and all results have been negative. Following new guidance from the Illinois Department of Public Health, residents can now accept visitors in their suites or outdoors with continued negative testing during quarantine periods. **Today's case does not affect the Life Centre**, and does not add to its quarantine period.

Also, new admissions or re-admissions to the Life Centre who are fully vaccinated do not need to quarantine; however, each will be tested for COVID-19 upon admission.

Please take steps to protect yourself and others, even if you are fully vaccinated. **Even if you're vaccinated, you can become infected with and transmit COVID-19.**

Please take care and stay well.

Sincerely,

Deann Daniel
Executive Director

PS: Please note that this letter is being shared with all residents' current emergency contacts.
