

COVID-19 UPDATE

April 15, 2022

Dear Employees of The Mather,

We wanted to inform you that we have learned that **an Independent Living resident has tested positive for COVID-19**. We wish this individual a speedy recovery.

The Mather is interviewing the individual to determine if they were in close contact with residents and/or employees (meaning within 6 feet of anyone for more than 15 minutes). Individuals who have been in close contact will be notified.

BOOSTER CLINIC APRIL 26:

The Mather is hosting an on-site clinic for second booster shots on Tuesday, April 26. While a second booster is completely voluntary, eligible employees can participate in the clinic. They must be age 50 or better or immunocompromised, and got their first booster at least four months ago.

Eligible employees should sign up through their HR Representative by Monday, April 18. After you register, you will receive an appointment time along with a consent form, which you must complete ahead of time. **Please bring your vaccination card and a completed consent form to your appointment at the clinic.**

PLEASE MASK UP!

While we all continue to wear masks at work due to regulatory requirements, we ask that you consider wearing a well-fitting mask while indoors in any public area, based on CDC guidelines. This truly helps mitigate the risk of spreading infection!

FEEL ILL? PLEASE STAY HOME:

Even if you are experiencing mild symptoms, like a cold or seasonal allergies, please err on the side of caution by

- **staying home. Do not come to work.**
- **taking a COVID-19 test.** Please contact your personal physician if you have questions about at-home tests versus PCR testing. If you test positive, notify your personal physician immediately; there are new treatments they can prescribe that can decrease your risk of severe illness.
- If you test positive for COVID-19, **notify HR immediately.**

Please take care and stay well.

Sincerely,

Deann Daniel
Executive Director
